## RFID transponders for animal identification

### Overview

Sokymat Food & Animal division develops and manufactures a wide range of transponders especially designed for livestock and pet identification as well as tracking applications for fish and exotic animals. The Food & Animal product portfolio includes standard and customized ISO compliant RFID products such as Glass Tags and Electronic Units that make it possible to automatically record the origin and history of each individual animal. All Food & Animal products satisfy the most demanding customer and market requirements and comply with ISO standards defined for animal identification (11784-11785). Furthermore, Sokymat Food & Animal products have the ability to conform to future legislation which will require the traceability of all animals from “stall to steak”.

### Product Range:

- Glass Tag 8 mm – 10 mm – 12 mm injectable for pets and small animals
- Glass Tag 12 mm – 15 mm – 22 mm injectable for livestock
- Glass Tag 34 mm for bolus
- E-Unit standard and customized for ear-tag

**Available with**  
 Zodiac, Q5, HTS256, HTS2048  
**Upon request**  
 Parylene

**Glass Tag**  
 Ø 4 mm x 22 mm  
**Available with**  
 Zodiac, Q5, HTS256, HTS2048  
**Upon request**  
 Parylene

**Glass Tag**  
 Ø 4 mm x 34 mm  
**Available with**  
 Zodiac, Q5, HTS256, HTS2048

**E-unit**  
 Ø 27 mm, 24 mm, Customized Design  
**Available with**  
 Zodiac, Q5, HTS256, HTS2048

## Pet Identification

**Glass Tag**  
 Ø 2.12 mm x 8 mm  
**Available with**  
 Q5, HTS256, HTS2048  
**Upon request**  
 Parylene

**Glass Tag**  
 Ø 2.12 mm x 10 mm  
**Available with**  
 Q5, HTS256, HTS2048  
**Upon request**  
 Parylene

**Glass Tag**  
 Ø 2.12 mm x 12 mm  
**Available with**  
 Unique, Zodiac, Q5, HTS256, HTS2048  
**Upon request**  
 Parylene

Sokymat's expert development team can provide customized products that comply with the specific needs of each individual customer, starting from the definition of specifications, to the development of the product, to the fabrication of the prototype to proceeding with volume production.

Headquartered in Granges, Switzerland, Sokymat is the world's leading manufacturer of radio frequency identification (RFID) transponders, offering the broadest range of tags available on the market today. Thanks to its unique know-how in packaging technology, the company is capable of designing and manufacturing virtually any type of custom transponder solution, suited to the specific operating environment and packaging material requested by the customer - including metal.
